

6 weeks (excluding orientation)

Entirely online

Self-paced learning

6-8 hours/week*

**The recommended weekly time commitment for core content is 4-5 hours, taking into account the busy lifestyles of working professionals, with an additional 2-3 hours recommended for non-compulsory weekly extension activities, should you have the time. Each module is released weekly, allowing a flexible but structured approach to learning. You'll be supported as you engage in individual activities and group discussions, ensuring you feel confident to submit your best work at each weekly deadline.*

Gain a systematic approach to thinking about robust, responsible, and beneficial AI deployment that maps out the impact of key choices from development to deployment, and beyond.

- Module 1: Power and Limitations of Machine Learning
- Module 2: Robustness and Privacy
- Module 3: Risks of Using Predictions for Decision-Making
- Module 4: Human Technology Interaction
- Module 5: AI in your Business
- Module 6: AI's Contribution to Inclusive Prosperity
